SECTION 4 - YELLOW

Our store is designed by Yellow, Discover Local and hosted on a third party platform. They provide us with the online e-commerce platform that allows us to sell our products and services to you.

Payment:

If you choose a direct payment gateway to complete your purchase, then a third party processor stores your credit card data. It is encrypted through the Payment Card Industry Data Security Standard (PCI-DSS). Your purchase transaction data is stored only as long as is necessary to complete your purchase transaction. After that is complete, your purchase transaction information is deleted.

All direct payment gateways adhere to the standards set by PCI-DSS as managed by the PCI Security Standards Council, which is a joint effort of brands like Visa, MasterCard, American Express and Discover.

PCI-DSS requirements help ensure the secure handling of credit card information by our store and its service providers.

SECTION 5 - THIRD-PARTY SERVICES

In general, the third-party providers used by us will only collect, use and disclose your information to the extent necessary to allow them to perform the services they provide to us and in accordance with the law.

However, certain third-party service providers, such as payment gateways and other payment transaction processors, have their own privacy policies in respect to the information we are required to provide to them for your purchase-related transactions.

We recommend that you read their privacy policies, so you can understand the manner in which your personal information will be handled by these providers.

In particular, remember that certain providers may be located in or have facilities that are located in a different jurisdiction than either you or us. So if you elect to proceed with a transaction that involves the services of a third-party service provider, then your information may become subject to the laws of the jurisdiction(s) in which that service provider or its facilities are located.

We make every effort to use only third party providers of good repute and to ensure that they take all necessary measures to protect your data to the best of their abilities, in accordance with best industry practices and according to law.

As an example, if you are located in the UK and your transaction is processed by a payment gateway located in Malta, then your personal information used in completing that transaction may be subject to disclosure under Maltese legislation.
